

WHEN GOOD FOOD GOES BAD

All of the images on the left were used in the early 1900s to preserve food, add flavor, or enhance color.
Can you match the old-timey “special sauce” to the food?

POND WATER

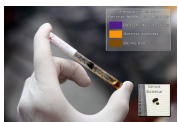

FORMALDEHYDE

ARSENIC

PLASTER DUST

TINCTURE OF OPIUM
(LAUDANUM)

CHALK

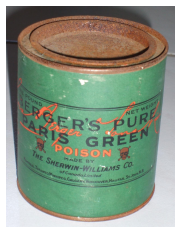

LEAD

BORAX

“ROUGH-ON-RATS”
RAT POISON

“PARIS GREEN” BY
SHERWIN-WILLIAMS
